

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ash, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material which is not eliminated, form toxins and poisons which are then sucked into the blood through the venous ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood while the bowel pores do.—Advertisement.

## EIGHT WEEKS AFTER

"I feel twenty years younger today," says Mr. GEO. MCCASLIN, of 1235 Madison. "I must say that after eight weeks' use of Hazlett's Wild Cherry Compound that I feel better in every way, my appetite is greatly improved, my kidneys have ceased to bother, the rheumatism which has bothered me for years is gone. I could not be too loud in praise for Hazlett's Wild Cherry, as it has been perfect for my constipation. Mr. Hazlett is fair with the public, the Wild Cherry I know is great he is entitled to your consideration."

Men of Mr. McCaslin's age will find the crude herbs a splendid tonic. A. C. Kinkaman & Co., 129 E. Sixth street, will sell for a few days three packages for one dollar, same will be mailed you, Phone 533. They will deliver. Investigate. You will be pleased with your judgment. Adv.

## THE "COME-BACK"

The "Come-back" man was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living, demands stimulation to satisfy the cry for a health-giving appetite and the refreshing also essential to strength. GOLD MEDAL Haarlem Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful! Three of these capsules each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. 25, 50c and \$1.00 per box. Accept no substitutes. Look for the name GOLD MEDAL on every box. They are the pure, original, imported Haarlem Oil Capsules.—Advertisement.

Such an easy way to heal my skin!

"I never worry if I have a little rash or other eruption break out—I just put on a bit of

Resinol

Ointment. That takes out the itching and burning instantly, and soon clears the trouble away. I learned of Resinol Ointment through our doctor prescribing it for my brother. Tom had been almost frantic with eczema for months but that ointment healed his skin like magic."

Resinol Ointment and Resinol Soap are sold by all druggists. For a free sample of each, write to Dept. 28-R, Resinol, Baltimore, Md.

## BIRTHS ARE AHEAD

Nearly 100 More Than Deaths in Eight Months Here.

Race Suicide Is Unknown Among Families in Topeka.

## POOR SHOWING IN COUNTRY

Ratio of 140 to 229 in Favor of the "Grim Reaper."

Average Age of Burial Was 45 Years During August.

If you are less than twenty years old you have eleven chances out of sixty-eight to die; thirteen chances if you are less than thirty, and your chances are as good one way as the other if you are less than forty-five years old. All that, according to death records kept by City Clerk Covell for the eight months of this year. Incidentally, the records also show that race suicide is unknown in the city of Topeka. Miss Margarette Dudley left today for Philadelphia to attend college at Bryn Mawr, a ladies' seminary near the Quaker city.

J. Ware Butterfield went to Goodland today to represent the New York Tribune at the ratification experiment of Prof. Melbourne. Secretary Martin Mohler of the state board of agriculture, also left for Goodland this afternoon.

One of the boldest robberies ever perpetrated in Topeka was committed at one o'clock this morning at 815 Stanton, a very stable at the corner of Seventh and Jackson streets. Elsworth Linton, the night man at the stable, was gagged and tied down while three robbers went through his valuable papers and \$100 in cash. Mr. Linton said they carried off the cash and the money does not amount to much to me compared to the loss of my papers. All my deeds, notes, receipts, and accounts, in fact every important paper I possess, was in the upper half of that iron box.

W. H. Werner, for leaving his team unhitched, paid a \$5 fine in police court.

Prof. Harvey Worrall will give a private piano recital tonight at his home, 715 Myrtle street.

Miss Lula Manspeaker and Mr. Tom Hopkins give a party tonight at the home of Miss Manspeaker on the corner of Tenth and H streets.

## 25 YEARS AGO IN TOPEKA OIL FROM LIZARD

First Kincaid Well To Be Named for Saurian.

Postmaster, Head Booster, Confident Oil Is There.

Kincaid, Kan., Sept. 25.—When the first big oil well is "brought in" in this vicinity it will be named the "Big Lizard," according to the verdict of the populace here today. Every man, woman and child here is confident that the Kincaid oil boom is not over.

They had planned to name the well "Kincaid," but the name "Big Lizard" is so popular here today. Every man, woman and child here is confident that the Kincaid oil boom is not over.

The name "Big Lizard" has a history, a part of it very, very new, and the rest of it, very, very old. The part of the history that is new, centers around a man who Kincaid people say is their biggest booster, the man who jumped astride oil possibilities and there whooped it up until the drillers began work and will continue to whoop it up until a well big enough to name the "Big Lizard" is "brought in."

This man is Sam S. Irwin, postmaster, school trustee and "the biggest booster Kincaid's got." Irwin will talk about anything that boosts Kincaid and will squelch anything that knocks Kincaid down. Maybe this last is one of the reasons why Kincaid is so hard to find in this city.

The part of the history of the name that is very, very old dates back to the time when Anderson was the head of a big bay reaching in from a great ocean, when the Gulf of Mexico reached up into Kansas, and great sea monsters with huge bags of oil pocketed in their insides, inhabited those waters.

Oil From Big Green Lizard. Irwin is a self made geologist and he likes to talk about earth formation, pre-historic plant and animal life. He'll talk to anyone that will listen to him, and most folk like to listen to him, too.

"What makes you think there's oil in these 'ere parts?" an Anderson county farmer wanted to know of Irwin when it was announced that the Kincaid oil boom had begun. "Well, it's this way," Irwin told the farmer. "Millions and millions of years ago, the Gulf of Mexico was at the head of the Gulf of Mexico, a giant lizard—a green one—with hundreds of barrels of oil stored up in its body, lived near the shore. Hundreds of feet of earth have been washed over that dead lizard. We are going down after that oil now."

"Gosh, is that so?" wondered the farmer. Irwin solemnly crossed his fingers and declared it was quite true. And that is why ever since Sam Irwin, Kincaid's biggest booster, has been called "Big Lizard Sam" and also why Kincaid's first real oil well will be named "The Big Lizard."

VALUES FAMILY AT \$60,000. Kingman Man Brings Alienation Suit Against Father-in-Law.

Wichita, Kan., Sept. 25.—The largest damage suit of the kind ever filed in Sedgewick county was placed on the records when Frank White, of Kingman, brought suit against John Man-

ning, for \$60,000. The suit is for alienation of affection and damages.

White alleges that Manion, who is his father-in-law, caused his wife to leave him. For the loss of his wife's love and affection, he asks \$25,000 damages. For the loss of his two children, a girl 14 years old and a boy 16 years old, White asks for another \$25,000 damages. White also asks for \$10,000 exemplary damages.

Manion is reported to be worth \$100,000. White alleges that his wife was given a house and lot at 438 North Pratt, to be used as a park, for leaving him. The couple separated in June.

PRATT TO HAVE CITY PARK. Woman Deeds Tract of Land to Town Will Make Improvements.

Pratt, Kan., Sept. 25.—Mrs. F. M. Zenger has deeded the tract of ground located on Thompson street, between First and Second streets, to the city of Pratt, to be used as a park. The grant is a half block wide and one block long.

This highly desirable plot of ground is situated in the center of the city blocks of the business section of town and is so situated that a few hundred dollars expended in improvements will place it in splendid condition. There are already plenty of large shade trees. The soil may easily be sown to grass, with every prospect for a good stand. With a little attention, this tract may be transformed into a beautiful spot, where children's gatherings may be held. A few benches and lights will complete the improvements. Permanent improvements will be made in due time.

MISSING GIRL IS LOCATED. Orpha Hinkle, Salina, Is Working for Kansas City Phone Company.

Salina, Kan., Sept. 25.—Orpha Hinkle, the 17-year-old Salina girl who has been missing since September 3, has been located.

Sheriff August Anderson announced that she is in Kansas City, Mo., living at the Westminister, a Presbyterian school for girls, and working for the Home Telephone company.

It has been learned definitely that Miss Hinkle left home of her own accord and that no one was responsible for her disappearance, as her mother so greatly feared. She is well taken care of and for the present at least her parents will not insist on her returning home.

The mystery of the suitcase she was carrying has also been cleared up. She had saved money for months, bought a suit case and left it with a friend on South Seventh street, where she took her clothes and did her packing before leaving. She told the woman in whom she confided that she was going to her grandmother's.

DUCK SEASON IN NAME ONLY. Birds Pass Up Dickinson County on Account of Water Shortage.

Abilene, Kan., Sept. 25.—Hunters were growling here today about a "safe and sane 1916 duck hunting season."

"The calendar is the only visible sign," said one, "that the season to hunt ducks has opened. Otherwise no one would notice it."

According to the hunters there are a few ducks, but even these are hard to find because the water is so low. "Ducks don't light in trees like owls or sparrows, and hence the few that come this way, either pass us up or

GOOD KANSAS SHOWING

Troops Made Best Hike in Recent War Maneuver.

Kansas troops made the best showing of any of the soldiers in the hike from San Antonio to Austin, Texas, according to the declaration of Frederick Funston, major general of the United States army. General Funston reviewed the troops when they entered Austin and was greatly pleased with the showing of the Kansas soldiers.

Charles L. Martin, adjutant general of Kansas, sat with General Funston when the state troops passed the reviewing stand. Not only did General Funston compliment the Kansas troops, but declared the two regiments from his former state were among the four best on the Mexican border.

Standard Machines At Less Than Wholesale

It doesn't seem possible, we'll admit, but it is gospel truth nevertheless.

It comes about in this way: A certain dealer who was handling Standard Machines wanted to get out of the sewing machine business, he wanted to use the space for another purpose and offered us his entire stock at less than today's factory cost; and we took him up.

The transaction means much to the woman needing a new sewing machine. We believe it the best opportunity of the kind ever presented to Topekan.

\$60 Standard Rotary—\$30.00

The Standard Rotary is recognized everywhere as one of the best machines made.

As long as 13 of them last we offer this wonderful Rotary Machine. Central Needle style with automatic drop-head, quartered oak cabinet, six drawers and complete set of attachments. A machine sold by agents for \$60.00, at the low price of.....\$30

1—Standard Vibrator Machine, central needle, quartered oak, drop-head case; good substantial machine, worth \$29.50 regular for—\$21.50.

1—Standard Rotary Machine, \$45.00 value, made extra heavy for dressmakers, special—\$29.00.
